

June 2014 Volume 10 Number 6

2014 Spring Tour

Saturday, May 31st Sharon Venski planned and executed an excellent tour. Along with Sharon, her friend Laura and Mom, Ruth led us on some of the loveliest roads through Waukesha County. Following in the group were Mark & Marge Kranz, Mike Zahorik, Tim & Michele Kirst, John & Tera Meinholz and their children Jacob and Emily, Duane & Nita Nicholson, Jim & Cheryl Oliva, Frank & Nancy Daily, Tod & Sharon Wirth, Jeff & Denise Schmittinger, Erv & Mickey Wilkowski, Ott Wollenzein (builder) & Mark Paulson (owner) of the 1911 Tourabout. This was the 1911's first tour and succeeded successfully. I cannot forget Frank Imp who was able to join the group for the first leg of the trip in his "T" but then had to leave due to obligations. Talk about going above and beyond!

Our first stop on our journey was at the NOAA Weather Station where Mark from the station gave us the ins and outs of forecasting the weather for our area. We got to see the different instruments they use for measuring precipitation, snow, ground freeze, wind speeds, etc. Also there was what looked like a giant golf ball on a tee that protects their radar. There are many computer programs they use to give us the best possible forecast.

Along the way to Watertown we had a hic-up. We had an unexpected stop while we changed a tire on Jim's "T"/ It seems the sidewall blew out of it. Needless to say with all the mechanical knowledge on this tour, it wasn't too long and we were back on the road. Go to Page 15.

Spring Tune Up

1J— Spring Tour --- We are on the road to NOAA and the Octagon House

5J— Model T Coach House — A new top for the '26 Tudor and sealing Franks manifold.
