

PLANETARY NEWS

September 2014 Volume 10 Number 9

Saturday, August 23. Frank and I would like to thank Sharon Venski and Ruth Wegener; Mike Zahorik; Jeff and Denise Schmittinger; and Jim Oliva for coming out to the "Wings Over Waukesha". The weather was not the best, very overcast, but part of the show went on.

On Sunday, the weather cleared up and the show went on. Thanks to Sharon and Ruth for showing up to join Frank and Nancy. We know that weekends are hard for everyone to attend 'T' events, but it sure would be great to see some new faces. Sunday on our way to the show, Frank had a loud noise come from the car. He thought that the motor fell out, but it still made it to the show. Sharon checked it out, and found that the motor was still in place, under the hood. Frank's neighbor came to the show and said he saw a muffler on the road side and though it was an old one. On the way home, Nancy saw it and sure enough it was My Muffler! For those that are members and have a Model T that doesn't run, ask the club for 'help'. Frank & Nancy Daily Pictures on page 15. *(if you need help getting her running, the Coach House is willing to help, just ask!)*
