## Yerkes Observatory

University of Chicago

Saturday, August 1st found eight club members at the Gingerbread House in New Berlin to start our tour of the Yerkes Observatory. Dave Hjortnaes (our leader), Mark & Marge Kranz, Frank & Nancy Daily, Mike Zahorik and Erv & Mickey Wilkowski. Sharon Venski and Ruth Wegener were to join us, however after stopping for gas, had an electrical problem and couldn't start the car. I understand that thanks to Tim Kirst who brought a new fuse, that car was able to get back home again. So with three T's and 2 modern cars we were on our way to travel through some of the most beautiful countryside this side of heaven. Something to think about for the fall when all the trees are in color.

On our way to Genesee Depot to meet Bob & Alice Wirth, we saw Mark & Marge Kranz take off in a different direction other than where we were going. We thought perhaps they might have a medical emergency or car problems and they were heading home, so we continued on our way. Turns out (Go to P14)
