

# PLANETARY NEWS

September 2012 Volume 8 Number 9

**W**hat a great day, Saturday August 25th, to see the Air Show. Starting at the bowling alley in Waukesha we drove to the Waukesha Airport and were lucky to line up behind a giant cargo plane, which gave us a great shadow which protected us from the bright and hot sun. It seemed that we had a good amount of people looking at our Model T's as well as viewing the Air Show. Those attending were: Tod Wirth, Jim Oliva, Erv and Mickey Wilkowski, Jim Novak, Bob Wirth, Sharon Venski and friend Billy. Ruth Venski. Duane and Nita Nicholson, Myron Gouza, and Frank and Nancy Daily. Thank you for coming. On Sunday, a pilot showed us his iPad and it indicated clear weather. Nancy and I went back to the airfield since no one from our group showed up. That was a big mistake. It started to RAIN. In the down pour, Dave and Cheryl Knutson and Harlan and Lynda Pilon joined us. All I could think of was, Sharon passed her rain date to me. Thank you, Frank and Nancy Daily. *Submitted by Frank Daily. Go to Page 14.*

## Hand Crank Coil Tester HCCT Part 8

**1J— Wings over Waukesha** --- An excellent Saturday for trip to the air port

**6J— I did it, So can you!** — The Hand Crank Coil Tester part 8. The ammeter.
