## 2013 Ice Trials on Pewaukee Lake

**J**t was as if Sonia Henie was skating and Jeanette McDonald and Nelson Eddie were singing in the background, well not exactly, but we once again Jim Oliva scheduled perfect weather and ice for the 2013 Ice Trials. Some of us think that Jim should be the scheduler for all the clubs events. More than 50 members and friends met at the Sports Bar on the south shore of Pewaukee Lake to participate in the Ice Trials, to ride around the frozen track or to just watch and have fun. The ice was thick (more than 18" thick according to the ice fishermen) and the temperature was relatively warm for late February. We assembled on the ice just after noon, set up the track and began taking practice laps. Maynard supplied the polo car, John Meinholz drove his speedster and Kevin Helinski drive has roadster. The polo car suffered a broken fan belt, but was quickly repaired and placed back in service. Many club and family members drove the polo car or rode in the other cars, around the ice track. After some practice, Jim Oliva timed about 28 drivers around the track. The best time was turned in by Rob Clark and was just under 2 minutes. Then inside the Sports Bar, we relaxed, had some drink and sandwiches, while Jim Oliva oversaw a drawing for door prizes that were generously donated by the Sports Bar. We should all thank Maynard for the use of the polo car, Jim Oliva for organizing the event, John Meinholz and Kevin Helinski for (Go to P. 8)

## Floating Safety Hubs Part 2
